DAMP WALLS.—NEW PATENT PAINT, as used at the TOWER, by order of HER MAJESTY'S HONOURABLE BOARD of ORDNANCE; at the TUNNEL; ZOOLOGICAL GARDENS, Regent's park, and various other public and private buildings; the quantities for each twenty square yards for 10s.

PATENT LIQUID CEMENT for the fronts of houses, for beauty pre-eminent, giving the appearance of fine cut stone, and only one-eighth the cost of Oil Paint. In casks of 1, 2, and 3 cwt. at 5s. the cwt. and 2s. each.

PATENT MINERAL ZINC PAINTS, invaluable for cheapness, beauty, and permanence, ready for use. White Stone and Lead, 6s.; Orange and Brown, 8s. per gallon.

BLACK MINERAL PAINT, very permanent, half the usual price; sets 8s. per gallon.

NEW PATENT COLOUR for inside work, may be applied on Wood, Stucco, Cement, or over Oil Paint. No smell, and will dry in an hour. In casks of 1 cwt. at 14s.

G. REID, and CO. Steam Mills, 2, Wellington-street, Goswell-street, London.

HUBBUCK'S PATENT WHITE ZINC PAINT.—The PERMANENT WHITE of the Ancients, by the continuous hitherto restricted to the use of the artist, is now offered at the price of the ordinary white lead.

Four years since the proprietors placed their manufactures on a large scale, and put this elegant Paint in competition with White Lead.

Its continued superiority over every other paint hitherto known brought forward various imitations.

These inferior productions, frequently made from zinc ores, containing lead, arsenic, and other deleterious material, alike injurious to health, destitute in body, and reducing the preservative properties for which the original paint stands pre-eminent.

In justice to the proprietors these should not be confounded with the original, even though sold under the pretence that it is all the same.

Hesseen's paint is entirely free from any injurious properties whatever; it is healthful in the manufacture, healthful in use, and healthful to occupants of rooms newly painted with it.

As a guard to the painter against the substitution of the inferior paints, each cask is stamped

"HUBBUCK, LONDON, PATENT"

and if the cask has not been so marked, the reason is obvious.

The powdered White Zinc also may be had for grinding in oil; also for use for porcelain cards, for japanners, for gutta percha, and for plaster decorations, and the other purposes where it is used with size, gum, varnish, spirit, &c. &c.

A circular with full particulars may be had of THOMAS HUBBUCK and SON, Colour Manufacturers, opposite the London Docks.

PURE PATENT WHITE ZINC PAINT, of the VIEILLE MONTAGNE ZINC MINING COMPANY of BELGIUM.—This Paint is superior in every respect to White Lead, which it surpasses in whiteness and brilliancy; it grows very hard after it is applied, and is, therefore, susceptible of a very high polish. It is unaffected by sea-water, sulphuretted hydrogen, or any other gases.

WHITE ZINC PAINT having none of the poisonous qualities of White Lead, avoids the dangerous sickness to which workmen, as well as persons inhabitants newly-painted houses, are subject.

The VIEILLE MONTAGNE COMPANY import the Oxide in casks bearing their mark, V M, without which none are genuine, and is to be obtained dry or ground at the Company's Agents at the following places, viz.—London, Liverpool, Birmingham Hull, Newcastle, Leith, Glasgow, Bristol, Plymouth, Norwich, Ipswich, Dublin, Cork, Belfast, Jersey, Portsmouth, Poole, and the Isle of Wight; and from Wesers, Blundell, Spence, and Co. Hull. It may also be obtained from the Grinding Agents, Messrs. C. DEVAUX and Co. 63, King William-street, City. Wholesale Agents Mr. CHARLES JACK, 5, Tottenham-court, New-road, and 69, Upper Thames-street, who sells it in kegs of 14 lbs. 28 lbs. 56 lbs. and upwards, at low rates; and Messrs. R. ANDERSON and Co. Timber bush, Leith, wholesale and retail.

The Company also employ a painter, who will undertake any description of painting in Zinc by contract.

Since its introduction into the United Kingdom, the Admiralty and the most eminent professional men have given it their preference. The public is cautioned, that if White Zinc Paint is adulterated, it becomes a very inferior paint, and peels and washes off.

For further particulars apply to Mr. H. T. SCHWOLL, General Agent for the United Kingdom, at the Company's Offices, 18, Manchester-buildings, Westminster.

THE VIEILLE MONTAGNE ZINC MINING COMPANY, beg to inform the public that they have appointed Messrs. T. and R. KNIGHT, of Great Suffolk street, Southwark, as their painters, who will be ready to execute any description of painting and decorating with the Pure Patent White Zinc Paint.

THE WASHINGTON CHEMICAL COMPANY, NEWCASTLE-ON-TYNE:

Manufacturers of

PATTINSON'S OXICHLORIDE of LEAD.—The Washington Chemical Company having, during the last year, established a Manufactory of Pattinson's Oxichloride of Lead on a large scale, and being able to supply it with regularity, and to execute orders without delay, now proceed to bring this new and valuable preparation of Lead before their friends and the public, quite sure that it will act, in the present age, be condemned because it is new, and that it judged by its merits, it must make its way, and finally take its place as one of the important innovations of this century.

Pattinson's Oxichloride of Lead is a chemical combination of the equivalent of Chloride of Lead, and one equivalent of Oxide of Lead; it being well known that common White Lead is a chemical combination of one equivalent of Oxide of Lead, and one equivalent for thereabouts of Carbonic Acid, constituting what is called in chemical language, Carbonate of Lead. Now there is no reason to expect that Carbonate of Lead is the only compound of Lead suitable to a paint, and still less that it should be the best compound of lead for that purpose. In point of fact it is not so for the newly-discovered Oxichloride in most, if not in all respects, is far superior; its colour is brilliantly white, and in a number of cases it has been tried against the best White Lead that could be obtained, and after a period of upwards of two years it has been found to retain its white colour, considerably better than the lead against which it was tried.

But that chief and by far the most important advantage it possesses is, its remarkable and very decided superiority of Body; by which term the power of covering surface well and extensively, is understood among Painters. The attention of the discoverer was at a very early period drawn to this circumstance and since that time the Washington Chemical Company have had abundant opportunities of placing its superiority in this important particular beyond all doubt. They have themselves performed a number of experiments, and have also caused a number of experiments to be performed in the large way by various practical men, to ascertain accurately its covering power as compared with the best White Lead, and they now state the proportions to be as 60 to 100, that is, 60 lbs. of Oxichloride Paint will cover as much surface as 100 lbs. of the best White Lead, the carrying of coal being in the same proportion; besides this, the coating is thicker and more protective, both in and out of doors, as the Oxichloride dries into a hard, tenacious layer, more like an Enamel than paint.

In using the Oxichloride, no difference in the materials with which it is mixed is required. Oil and Turpentine being employed as usual both for work technically called Flatting, and for work intended to be varnished. For the use of Paper Stainers and Leather Dressers, the Oxichloride is found to be peculiarly suitable. The Washington Chemical Company strongly recommend this newly-discovered substance to the notice of consumers, both on account of its economy and its intrinsically good qualities as a paint.

AGENTS.

LONDON	Messrs. Blundell, Spence, and Co. 8, Upper Thames-st. Mr. Richd. Cooke, 7, Sun-lane.
LIVERPOOL	Messrs. Johnson and Hetherson.
MANCHESTER	Mr. James Dourlas.

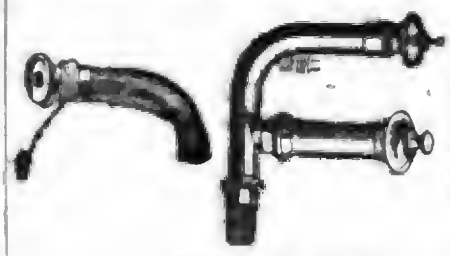
GLASGOW AND WEST COAST OF SCOTLAND	Mr. John Strachan, Glasgow.
DUBLIN AND SOUTH OF IRELAND	Mr. F. Lindsay, 31, Middle Abbey-street, Dublin.
BELFAST	Messrs. William Stevenson, jun. and Co.



WHISHAW'S REGISTERED

IMPROVED TELEKOUPHONON

FOR SPEAKING-PIPES.

By means of this invention speaking-pipes may be rendered more generally available for Public Buildings, Club Houses, Noblemen's Mansions, City Warehouses, Offices, &c. &c. It consists of a whistle mouthpiece of ivory, wood, or metal, with an indicator attached by means of which, in case of two or more speaking-tubes being carried into one room, the mouthpiece from which a whistle proceeds is readily ascertained.

The newly-registered invention also embraces a plan (as shown in the right-hand figure annexed) to supersede the necessity of blowing into a speaking-pipe when the whistle at the further end is required to be sounded.

Manufactured solely by

KEPP and COMPANY, 43, 41, and 43, Chandos-street, Charing cross;

And to be had retail of all respectable ironmongers.

CHEAP, LIGHT, AND DURABLE ROOFING.

CROGGON'S PATENT ASPHALTE ROOFING FELT, has been extensively used and pronounced efficient, and particularly applicable for warm climates.

1st. It is a non-conductor.—2nd. It is portable, being packed in rolls, and not liable to damage in carriage.—3rd. It effects a saving of half the timber usually required.—4th. It can be easily applied by any unprofessional person.—5th. From its lightness, weighing only about 45 lbs. to the square of 100 feet, the cost of carriage is small.—6th. Under slate, metal, or tiles, it is a most effective non-conductor.

INODOROUS FELT, for damp walls and for damp floors, under carpets and floor cloths. Price ONE PENNY per Square Foot.

CROGGON and CO.'S PATENT FELTED SHEATHING, for Covering Ships' Bottoms, &c., and

DRY HAIR FELT, for Covering Steam Boilers, Pipes, &c., preventing the radiation of Heat, saving 25 per cent. of Fuel, and deadening Sound.

Samples, testimonials, and full instructions, on application to CROGGON and CO. 2, DOWGATE-HILL, LONDON.

IMPROVED

WHITE or OXIDE of ZINC for PAINT, &c. under H. M. Royal Letters Patent.

LANGSTON, SCOTT, and WHITE,

SOLE MANUFACTURERS IN THE UNITED KINGDOM.

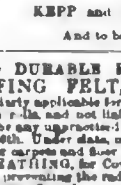
Grand Surrey Canal Dock, Rotherhithe, London.

Messrs. L. S. and W. have succeeded in removing the practical objection to its use, viz. want of body. They are the only makers of efficient ZINC DRIERS; without them outside work, for clothing, &c. fails.

(Wholesale only.)

Price under that of genuine white lead.

CHARLES WM. WATERLOW,



Manufacturer of Sashes and Frames, and Joiner to the Trade.

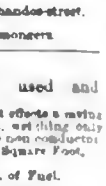
121, Bunhill-row, Finsbury-square.

Well seasoned materials, superior workmanship, lowest prices.

Upwards of FOUR HUNDRED DOORS, and a large variety of Sashes and Frames always on sale.

Glazed goods securely packed for the country. Steam-struck mouldings in any quantity.

N.B. This establishment is worth the notice of all engaged in building.



WHITE SUFFOLK and RED FACING BRICKS of superior quality. Moulded Bricks to any pattern.

COWLEY, KENT, and ESSEX BRICKS; also Yellow and Pale Malm Seconds, Cutters, Paviors, Shippers, &c. &c.

KENTISH RAGSTONE of the finest quality, and of the blue lines so much approved by architects, can now be supplied, at a FURTHER and CONSIDERABLE REDUCTION in PRICE.

Apply to Mr. BENJAMIN GOUGH, 27, Newington-crescent, Newington Butts.

NOTICE of REMOVAL.—JOHNSON & PASK,

Sash, Shop Front, and Door Makers to the Trade,

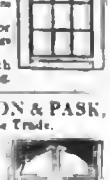
beg to inform their Customers and the Public generally, that they have removed to more extensive premises in

BAKER-STREET,

BAGNIGGE WELLS-ROAD,

where they have convenience for carrying on a larger business.

N.B. By inclosing a postage-stamp, a full list of prices may be had by return of post.



BRICKS.—Malm Cutters, Yellow and Pale Seconds, Paviors, and Pickings of good and sound quality, constantly on sale at H. DUDDIN'S Brick-kiln, which are only a quarter of an hour's walk from the City.—H. D. earnestly requests purchasers to favour him with a visit, in order to inspect his stock, and to judge for themselves.

Malm Place, half-washed Stocks and Place Bricks also on sale. These bricks are sound, well burnt, and unusually free from defects; a very large proportion of the stock being suitable for external facing.

Apply to HENRY DODD and CO. at the Counting-house, Hester Brick-kiln, Grange walk, near the Rosemary Branch, Hoxton.

N.B. Red pit sand of approved quality constantly on sale upon reasonable terms. This sand, from its not containing any saline matter, is acknowledged to be preferable to river sand.

SANDS and EMERY, ROBERT-STREET, BEDFORD ROW.

Sashes and Frames, Shop Fronts, Doors, and all other kinds of Joiner's Work supplied on the Lowest possible Scale of Prices. Walnut and Mahogany Work done in the best manner, and French polished; Shop and Office Fittings on the shortest notice, Glazed and Polished Goods securely Packed for the Country.

By inclosing a postage stamp, a full List of Prices will be returned.

BRICKS.—FOR SALE, a quantity of large FLINTS, which are well adapted for boundary walls, and which have a very good effect when used with bricks for quoins, &c. in buildings of various descriptions. They are also of the best kind for faced work for churches, &c. and can be delivered alongside any wharf on the Thames below Vauxhall-bridge at 8s. per ton in quantities of not less than 50 tons at a time. At the present price of bricks, a very large saving may be effected by their use. Discount allowed for cash.—Apply to MERSON and CO. Manufacturers of Bricks, Tiles, Lime, &c. Gray's Thurrock, Essex.

BRICKS.—A large quantity of BRICKS for SALE; can be delivered at the Eastern Counties Railway Station. Also, LIME, at 7s. per cubic yard, delivered at the Eastern Counties Railway.—Apply to Mr. SAMUEL TRICKETT, Victoria wharf, Isle of Dogs.

TO BRICKMAKERS desirous of supplying the LONDON MARKET, besides the home requirements.—A splendid BUILDING ESTATE is now offered, within twenty minutes' railway carriage from London. The railway tracks might be loaded from the side of the estate, which adjoins the railroad.—Apply, in the first instance, by letter only, to F. B. W. Mr. Sharp, 38, Throgmorton-street, City, London, giving real name and address.

ALLOA FIRE BRICKS, TILES, LUMPS, GRATE BACKS, CLAY, &c. &c.—The attention of Contractors, Engineers, Brewers, Gas Companies, and Others, is respectfully solicited to these unequalled Fire Bricks, their power of resistance to the most extreme heat being superior to that of the Stourbridge Brick, while the prices are not higher than those charged for the most common descriptions.—Samples and price lists may be had on application to TRAQUAIR and Co. 9, Bank-side, Southwark, who are ready to enter into contracts with large consumers, on the most advantageous terms.

PAN TILES, 52s.; Plain, 35s.; superior White Suffolk Fire ditto, Red ditto, Fire Brick, &c.—Best Stourbridge, Welsh, and Newcastle Fire Bricks, Lumps, Tiles, Clay, Windsor and Newmarch Oven Tiles and Bricks, British and English Clinkers, Patent Malthis and Coke drying finely-perforated Tiles, 12 in and 8 in Paving ditto, unequalled in quality and colour, at WARD'S old-established Horsleydown Wharf, Bankside, Southwark, London. Thames Sand, Concrete, Gravel, &c. &c.

HEAL and SON'S EIDER DOWN QUILTS are made in Three Varieties.—The Bordered Quilt, the Plain Quilt, and the Duvet. The Bordered Quilt is in the usual form of Bed Quilts, and is a most elegant and luxurious article. The Plain Quilt is smaller, and is useful as an extra covering on the bed, as a wrapper in the Carriage, or on the Couch. The Duvet is a Loose Case filled with Eider Down, as in general use on the Continent.

List of Prices and Sizes sent free by post, on application at HEAL and SON'S Bedding Factory, 196, Tottenham Court-road.

NOISELESS RINGS.

GUTTA PERCHA CURTAIN and CORNICE RINGS. These Rings have been much approved by the Royalty, particularly for nervous and aged patients. Owing to the peculiar properties of Gutta Percha, these rings do not make a noise when drawn along the pole or rod. The following sizes may be had, with or without loops:—Nine; 1 inch diameter, 1½ inch ditto, 2 inch ditto, 2½ inch ditto, 3 inch ditto, 3½ inch ditto.

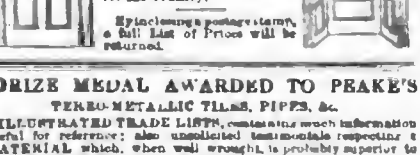
TURNED LINING FOR TANKS, ORNAMENTAL MOULDINGS, &c. manufactured by the GUTTA PERCHA COMPANY (Patentees), 18, Wharf-road, City road, London.

PRIZE MEDAL AWARDED TO PEAKE'S TERRO-METALLIC TILES, PIPES, &c.

ILLUSTRATED TRADE LISTS, containing much information useful for reference; also unsolicited testimonials respecting a MATERIAL which, when well wrought, is probably superior to every other for drains or conduits, for ridges, slips, valleys, and every part of roofs, for plain or chequered floors, for paving and erections, of a strong and durable nature, also many other purposes, supplied (routine by THOMAS PEAKE (proprietor of Peake's "Terro-Metallic"), No. 4 WHARF, CITY-ROAD BASIN, LONDON, and at THE TILERIES, TUNSTALL, STAFFORDSHIRE. The tiles contain both prices by number, and approximate cost by measure. It is solicited that letters be prepaid, and state if Staffordshire or London prices are wanted. Specimens were at the GREAT EXHIBITION, Class 27, No. 134 (having been at first No. 1111).

PRIZE MEDAL, CLASS 27.

HIGH-PRESSURE VALVE COCKS.—LAMBERT'S PATENT.



These Cocks have, during the last few years, been extensively and most successfully used in many Towns under continuous high pressure, varying from 10 to 250 feet; their efficiency and durability is by experience established.

The Equilibrium Ball valve is simple and certain in its action, and is cheaper than the common Cocks now in use.

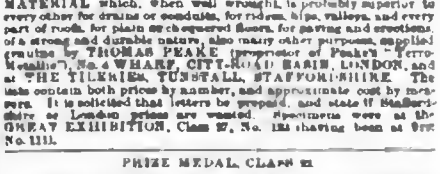
Enamelled iron, self-acting, and other closets, upon economic arrangements, suitable for public buildings, cottages, asylums, &c.

THOMAS LAMBERT and SON,

Brass and Iron Founders, Short-street, New-cut, Lambeth.

TO WATER COMPANIES AND PLUMBERS

HIGH-PRESSURE COCKS and CLOSETS.



The Health of Towns Commissioners having recommended the adoption of the high pressure principle in all towns, WARNER'S HIGH-PRESSURE COCK is recommended as a Cock free from leakage, and applicable for all purposes and situations. Patent Jacks and Hacks with supply-valve for attaching direct to main pipes without a reservoir, cocks, or wire.

LEAD, IRON, and TIN PIPE.

JOHN WARNER and SONS, Manufacturers, 6, Crescent, Jewin street, London.
